Resident's staff picks for September

*Wow, we're in for one heck of a September! The release schedule is extremely heavily laden. You've had a taster of the heavier hitters above but we at Resident, are also really excited about tons of other fabulous releases this month, from the experimental folk psych of **Mary Epworth** (limited neon orange vinyl) to the new project from Slow Club & Wave Pictures members forming the garage-rock supergroup **The Surfing Magazines** (on limited coloured vinyl), the dark electronics of **Zola Jesus** (on coloured vinyl), the haunting introspection of **Phoebe Bridgers** (on limited indies-only white vinyl), wiry post-punksters **Omni** will be getting much love on the shop stereo, as will the cracking debut from **Snapped Ankles** & the intoxicating vocals of **Moses Sumney**. + there are new records from shop faves **Micah P Hinson** (he's coming back for another instore too), **Fink**, **Kiran Leonard**, **Metz & Protomartyr** & Brighton's own **Lower Slaughter** capture the unforgettable intensity of their live performances on their ferocious debut album.*

"Resident was born back in 2004 when myself, Natasha Youngs & Derry Watkins (my then partner & now husband), finally found the right site in Brighton's North Laine to set up our very own record shop. Until then we had been working for Virgin Our Price, both starting out as Sales Assistants after finishing Uni (albeit 10 years apart & in different locations) & totally falling in love with record shop culture. However, despite our addiction to our working environment, we ended up in head office roles (where we met), spending our time in meetings, dealing with emails & getting caught up in office politics. We were no longer in love with our jobs, but through working on the same projects & getting to know each other, we were now in love with each other. Aww!!"

"I started working in a record shop here in Jersey back in 1991 after a 2 year break living in Ibiza. I opened Whitelabel records in 2002 and started out specialising in dance vinyl"

"Chesterfield had recently lost its two record/music shops - Hudsons and HMV - and so I found myself living in a town with nowhere at all to buy records or CDs..."

"The vibe is wonderful. It has become a community cafe where all sorts of music lovers hang out. We are eclectic in our musical taste and always open to new sounds..."

Remember

- 1) Everything in the newsletter was correct at the time it was sent. *But sometimes things can change*, so double check with your record shop for updates on the releases.
- 2) Not all shops will have the same titles in. We'd recommend checking in with your local shop in advance to see if they've got the release you're after in stock. They might be able to order it in for you, or you may find it in another shop using the store locator above!
